It's late Friday afternoon, and after a long week, you're looking forward to a relaxing weekend. Your last patient of the day is just leaving, but holds the door for a uniformed officer holding an envelope. The officer walks up to your receptionist, Lisa, and asks for Dr. Miller. Lisa looks expectantly at you and the man asks, "Are you Dr. Miller?" After a hesitant "yes," you suddenly find the envelope in your hands as the sheriff turns and disappears through the door. You've been served with a lawsuit – what do you do now?
