RELEVANT EXPERIENCE

Our **Business and Corporate** Group provides experienced counsel for all aspects of operations and organizational planning, governance, and ownership issues affecting these facilities. This includes experience in drafting and negotiating the contracts that facilities have with their suppliers, residents, service providers, and other business partners. Our attorneys serve as trusted advisors to owners and their executive management teams when considering or undertaking significant transactions in a facility’s life such as facility purchases, sales, and joint ventures. Our attorneys and consultants bring a 360 degree view of experience and skill to guide our clients through due diligence, drafting, negotiation, and closing. While we are focused on skillful front-end planning and documentation to minimize future disputes, we understand that disputes can still arise and are equipped with unparalleled dispute resolution and litigation professionals who can seamlessly advocate on our clients’ behalf through a negotiated settlement or trial verdict.

Our **Construction** Group is ASHE certified. As a result, we are uniquely qualified to work with and advise the industry in all aspects of building or renovation projects including contract review, risk management, dispute resolution, and litigation. Our **Real Estate Group** is equipped to represent and assist Senior Care Organizations and Retirement Communities with purchase and sale agreements and the acquisition and disposition of real estate, real estate development, financing, zoning, subdivision and land development, land use analysis and approval, and environmental law issues.

Our **Labor and Employment** Group has more than 25 years’ combined experience representing Post-Acute and Long-Term Care groups with respect to issues that may arise in their workplaces. We recognize the specific needs that may arise with respect to your employees and are able to proactively counsel your organization to mitigate risk. However, in the unfortunate circumstance that you are faced with litigation, we are prepared to successfully defend your interests throughout the process.
